

Hafley Development Center and Employee Childcare Center

Where our youngest students learn.

The Hafley Development Center is Eagle Mountain-Saginaw ISD's early childhood education center. The campus is staffed with educators trained to meet the specific needs of its three and four-year-old students. While the campus originally opened in 2005, it underwent extensive renovations in 2010.

The staff includes a Speech Language Pathologist, an Occupational Therapist, a Physical Therapist, teachers for the hearing and visually impaired, behavior, orientation and mobility specialists, a school counselor, a diagnostician, and a nurse.

Students must be eligible to attend pre-kindergarten classes at the Hafley Development Center. Please contact us to find out eligibility requirements or visit our website at www.emsisd.com/hafleyeligibility.

Employee Childcare Center

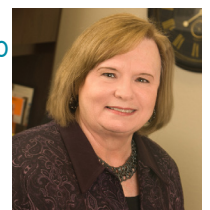

The Center is also home to the EMS Childcare Center, an award-winning childcare facility. Employee childcare is provided for children of EMS ISD staff from infants through age five. The Center also provides services to children of students currently enrolled in EMS ISD high schools, when space allows.

The Development Center enriches our community by providing a broad range of early education opportunities, enhancing school success. Hafley provides experiences that enrich each child's emotional, physical, intellectual and creative abilities, while also nurturing the ability to think critically.

The staff strives to instill values such as kindness, helpfulness, responsibility and respect.

Mascot: Cubs

School Colors: Teal and Gold
